# Stripe

Financial infrastructure for the internet

Follow Apply to Roles

## About Us

Stripe is a financial infrastructure platform for businesses. Millions of companies—from the world's largest enterprises to the most ambitious startups—use Stripe to accept payments, grow their revenue, and accelerate new business opportunities.

**99.9%**
Uptime reliability for global commerce

**50+**
Countries with Stripe-powered businesses

## Mission & Culture

### Our Mission
To increase the GDP of the internet by providing the tools for economic growth.

### Inclusive Environment
A global team building for a global audience.

### Thinking from First Principles
We don't do things because "that's how they've been done." We break problems down to their core truths.
